

Building Blocks Collection | 3-Seater Bench

A three-seat monochromatic bench designed with clean lines and a simplistic form. Its multiplicity brings subtle intrigue and repetition while its thin metal frame plays into the abundance of negative space. The off-white version is made with natural leather upholstered seat and hand brushed stainless steel base.

Materials: stainless steel, leather and foam

Dimensions: W57 x D14 x H19 inches

COM/COL and custom metal finish available upon request
