

Building Blocks Collection | Side Table/Stool

A side stool based on honest materials and pure form. Its minimal profile brings design diversity from every perspective and each component is curated to form a whole when paired with other Building Blocks pieces, the wood version is made from solid walnut seat/top, veneer sides with metal structures.

Materials: brushed stainless and stained walnut

Dimensions: W17.5 x D14 x H19 inches

COM/COL and custom metal finish available upon request
